From minor dings to major collision damage, we can do it all. Your car will look like new when we're done. We also do mechanical repairs and windshield and glass replacements.

Frame Straightening

Because modern vehicles are increasingly complex, an auto body repair & Collision shop must have the training, knowledge, skill, and state-of-the-art equipment needed for the precise, technical art of frame straightening. Our auto body repair shop has the intimate industry knowledge, and advanced equipment necessary for safe, effective frame straightening services.

Custom Painting

Our technicians provide trained color matching and painting services to flawlessly restore the showroom shine and luster to your post-accident vehicle. With expert workmanship, undetectable color matching services, and the highest quality paint available on the market, we make your car look better than it did before the accident.

Free Estimates

Come to Benson Collision Center for a FREE estimate that is detailed, accurate, and fair. We offer fast and friendly service, Insurance claims are welcome. As an experienced, certified auto body shop, we've earned a reputation for excellent customer service and outstanding workmanship.

Auto Body Painting

Our paint jobs are so good, they speak for themselves. We use only the highest quality paint to achieve undetectable paint matching. No one will be able to tell your car was ever in an accident. We also do custom paint jobs.
